Blown-in Fibre Glass Insulation

TRUECOMFORT: A TRUE WINNER.

Energy prices are up and homeowners are looking for ways to save on their utility bills. Now you can take advantage of this market demand with the CertainTeed TrueComfort blown-in fibre glass insulation system.

- Real energy savings for homeowners
- Additional sales and profits for you
- Ideal for attic retrofit applications
- Easy-to-use machine and product
- Great for DIYers and remodelers alike
- Super expanding and easy to transport:
1 bag of TrueComfort = 3 bags of cellulose

A TURN-KEY PROGRAM WITH HUGE PROFIT POTENTIAL.

The TrueComfort program offers a low-cost entry into lucrative attic retrofit and installed sales markets. Rent the machine out, or use it for your own installs in new construction or retrofit applications.

*Savings vary.
Higher R-Values mean greater insulating power.

Everything you need to get up and running is included.

TrueComfort blowing machine

Two-piece design transports easily in an SUV or pick-up; simple to use, even for DIYers.

TrueComfort blown-in insulation

Super-expanding, you can stock fewer packages to offer the same coverage as cellulose insulation.

TrueComfort sales and project tools

Promote the benefits of adding attic insulation and how easy TrueComfort insulation is to install.

Detailed TrueComfort installation instructions

From set-up to tear-down, complete instructions cover every detail of the installation process.

GET INVOLVED IN THE TRUECOMFORT PROGRAM TODAY!

Profit from the steady attic retrofit market and position yourself for energy savings and growth.

From a trusted name.

For more than 100 years, CertainTeed has been the recognized performance brand among building professionals. With a wide selection of products to insulate every part of a home—from the basement to the attic—you can find comfort in knowing all of your insulation needs will be met.
