

CertainTeed® Intake Vent

Filtered Shingle-Over Intake Vent

Provides Continuous Intake Airflow at the Roof's Edge

CertainTeed® Intake Vent provides proper intake ventilation for homes with little or no overhang. It's a roof-top installed, shingle-over intake vent that can be used to supplement existing soffit or under-eave vents. CertainTeed Ridge Vents combined with sufficient intake vents, such as CertainTeed Intake Vent, are the most efficient and effective systems you can install.

CertainTeed
SAINT-GOBAIN

CertainTeed® Intake Vent

Used on homes with or without overhangs. It can be placed up the roof with open soffit construction.

Features

- Designed with internal baffles and drainage system along with an internal weather filter which provides three levels of weather protection
- 9" sq. of net free area per linear foot
- CertainTeed Intake Vent has a minimum 3/12 roof pitch with no maximum
- Limited Lifetime Warranty and 5-Year SureStart™ Protection
- 3/4" low profile helps it blend in with the roof
- Ten 4' pieces per box / Weight: 26 lbs. / Part #95988 Model #EVI / Color: Black
- Each 4' piece has integrated end plugs on each end

Benefits

- Easily installs on the roof's edge
- Roof-top installation eliminates overhead with soffits and under eaves
- Located tabs on the underside of the CertainTeed Intake Vent assist with positioning the vent over the slot
- Co-polymer construction

The Edge Vent is Manufactured for CertainTeed Corporation by Air Vent, Inc., Orrick, MO.
