

### Powerful Performance in a Portable Package

Professional contractors, distributors, lumber yards and rental centers will want this powerful, all purpose, insulation blowing machine. Portable and easy to use, the Volu-Matic MS is perfect for weatherization work, small to medium size jobs, and additional capacity for larger structures. Step up to the self contained gasoline engine driven machine, and eliminate power cords and on-site power requirements. The Volu-Matic MS offers excellent blowing speeds and fiber conditioning, and is easily transported in a truck, trailer or pick-up.

#### Features & Benefits

- Gas engine powered
- Positive displacement blower
- Two electric clutches
- Material control slide
- Automatic back flow check valve
- Adjustable drive belts
- Electrical overload protection
- Self-aligning sealed bearings
- Wired remote control
- Integrated safety features

#### ALSO AVAILABLE

- Wireless remote control
- Blowing hose
- Couplings and clamps
- Outside blower air intake

#### Insulation

- Fiber glass
- Rockwool
- Cellulose

#### One model available

- VM-MSKA1 – 14-horsepower gas engine

#### Specifications

- Typical feed rate:
  - Fiber glass – 11-15 lbs/min.
  - Rockwool – 16-22 lbs/min.
  - Cellulose – 15-20 lbs/min.
- Load height: 54"
- Height: 68"
- Width: 54"
- Depth: 46.5"
- Weight: 850 lbs.

Machine Works

### Feature Details

**FULLY SEALED BLOW-THROUGH AIR-LOCK FEEDER** – Seals pressurized air flow to provide installer with a consistent flow of conditioned fiber.

**BLOWER AIR BLEED SYSTEM** – Allows operator variable control of air volume to aid in fine-tuning of air-to-material ratio.

**MATERIAL CONTROL SLIDE** – Secondary volume and conditioning control. Allows operator adjustment of fiber flow to the shredder.

**REMOTE CONTROL** – Gives installer the option of selecting air only or air and fiber from the point of application.

**POWDER COAT FINISH** – Durable long life protection for your investment.

**INTEGRATED SAFETY FEATURES** – Emergency stop switches, electrical interlock, front, rear and side guards.

**SELF-ALIGNING SEALED BEARINGS** – High quality bearings are used throughout the CertainTeed Machine Works product line. They are sealed to keep out dust and equipped with Zerk fittings for proper maintenance.

**ADJUSTABLE DRIVE BELTS** – Special belt-tightening screws make it easy to keep the belts properly tensioned as they wear.

CertainTeed Machine Works offers a comprehensive line of commercial and residential insulation and fireproofing application equipment, including blowing machines, spray foam systems, vacuums and accessories. We provide equipment installation, troubleshooting and repair, custom machine design services, and same-day shipping of spare parts, Graco spray components and Dynasolve cleaning products.
