

COOL ROOFS

Good, Better, Best Selections

CertainTeed
SAINT-GOBAIN

Landmark, shown in Solaris Aged Cedar

Good.

Landmark
Landmark Solaris

LANDMARK®

Classic shades and dimensional appearance of natural wood or slate.

LANDMARK SOLARIS®

A subtle color palette featuring soft earth tones.

Better:

Landmark Solaris Gold NorthGate

LANDMARK SOLARIS® GOLD

Look deeper. With Landmark Solaris Gold, a new dimension is added to shingles with a richer mixture of surface granules. You get a brighter, more vibrant, more dramatic appearance and depth of color. And the natural beauty, authentic color and style shines through.

NORTHGATE®

NorthGate® is designed to endure harsh, cold-weather elements affronting the roof. The new shingle's SBS composition allows it to remain flexible at temperatures as low as 0° F, making it easier to install in cold climates.

Plus, the two-piece laminated fiberglass-based shingle meets the requirements of UL 2218 Class 4 for impact resistance - the highest rating possible.

Best:

Landmark Solaris Platinum
Matterhorn Metal Roofing

LANDMARK SOLARIS® PLATINUM

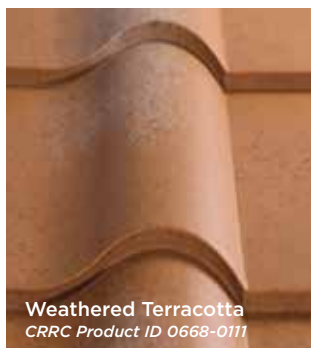

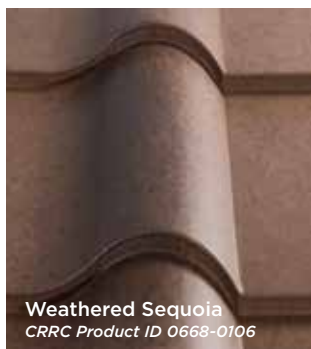

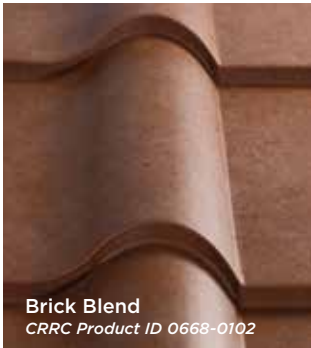

With Landmark Solaris Platinum, you get a fresh, bright color palette but with an industry-leading solar reflectance value of over 40%.

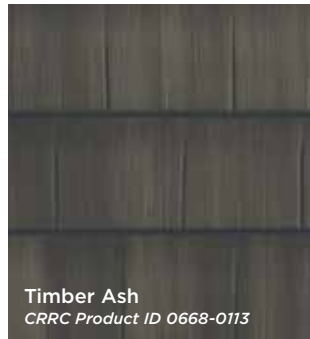

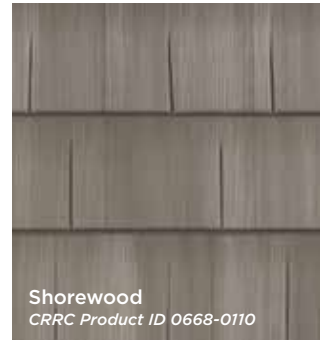

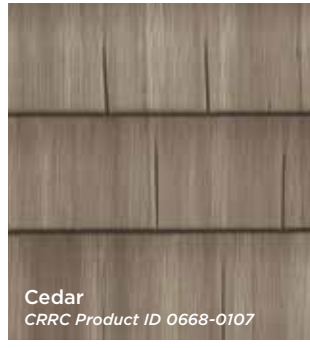

MATTERHORN[®] Metal Roofing

Matterhorn metal roofing replicates the charm of classical roofing materials with lightweight steel achieving exceptional wind/hail resistance and solar reflectance.

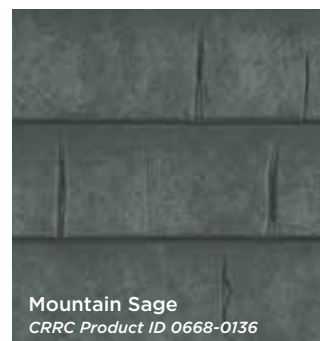

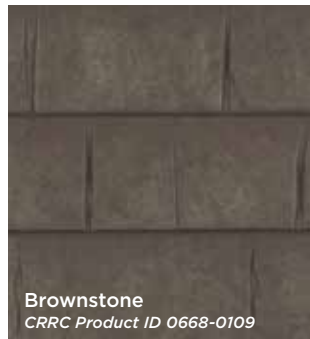

TILE

SHAKE

SLATE

Exceptional Protection, No Matter The Project

CertainTeed offers options in the GOOD, BETTER and BEST tiers that will fit your needs and exceed your expectations.

Energy Savings

The Heat Reflects Away, And Your Home Stays Cool.

The CertainTeed Cool Roof Shingle Collection is a brilliant breakthrough that puts cool roof technology to work for you. Plus, our palette of rich, authentic colors makes it an easy choice for eco-friendly living.

The secret is in CertainTeed's advanced roofing granules that reflect solar energy and radiant heat far better than traditional roofing shingles, reducing your roof's temperature in the summer.

Choose from three spectacular solar shingle line-ups.

- Good:** Landmark® and Landmark Solaris®
- Better:** Landmark Solaris® Gold and NorthGate®
- Best:** Landmark Solaris® Platinum, with an industry leading solar reflectance value of over 40%, Matterhorn® metal roofing.

CertainTeed Cool Roof Shingles are ecologically smart, beautifully durable, and architecturally ideal for sunny climates or anywhere solar heat is a challenge.

So cool, it's rated for rebates.

CertainTeed Cool Roof Shingles are rated by the Cool Roof Rating Council (CRRC) for cool roofs and meets California's Title 24 requirements for cool steep slope roofing.

CertainTeed Cool Roof shingles may qualify for credits/points in LEED®, NAHB® and other "green" programs.

And some utility companies offer a rebate for CertainTeed Cool Roof Shingles that can put as much as \$600 back into a homeowner's pocket for an average 3,000 sq. ft. roof.

Some CertainTeed Cool Roof Shingles are also ENERGY STAR qualified roof products that meet both solar reflectance and thermal emissivity requirements.

Cool Roof Shingles
