Outdoors

Your home is a reflection of your lifestyle. From the way your furniture complements your wall colors to the way your roofline interacts with the landscaping. What does your home say about you?

Reaching for the ENERGY STARS.

As a 2015 ENERGY STAR Sustained Excellence recipient for Energy Management, we are proud of our commitment to designing high quality, sustainable roofing products.

See warranty for specific details and limitations.

Patriot combines the ultimate in value and durability with unmatched curb appeal.

Patriot features intricate color blend drops combined with intermittent shadow lines offering rich, aesthetic appeal homeowners have grown to expect in quality asphalt roofing shingles.

Integrity Roof System™
A systems approach combines high-performance components—a complete roof system of high-quality shingles and accessory products and ventilation—to make the Integrity Roof System a complete roofing solution. When you choose an Integrity Roof System, you gain the advantage of having CertainTeed as your single manufacturing source to stand behind its roof system components.

WinterGuard®
Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams in vulnerable areas.

Roofers’ Select® or DiamondDeck®
High-performance underlayment provides a protective water-resistant layer over the roof deck and a secondary barrier against leaks.

Starter Shingles
Starter shingles are designed to work specifically with each different type of CertainTeed shingle for maximum performance.

CertainTeed Shingles
High-Quality asphalt offering rich, aesthetic appeal homeowners have grown to expect in quality asphalt roofing shingles.

Hip & Ridge Caps
Accessory shingles are used to finish the hips and ridges of the roof and are designed to complement the appearance of CertainTeed shingles.

CertainTeed Ridge Vents
CertainTeed Ridge Vents combined with sufficient intake vents, such as CertainTeed Intake Vents, are the most effective ventilation system.

CertainTeed Ridge Vents
CertainTeed Ridge Vents combined with sufficient intake vents, such as CertainTeed Intake Vents, are the most effective ventilation system.
