With Your Roof

Do you live in an older home? Tell the world when it was built, as shown here using Carriage House in Georgian Brick, on a background of Grand Manor and Carriage House in Stonegate Gray.

This roof shows how Grand Manor and Carriage House in the same color (Stonegate Gray) can be combined for a subtle, yet pleasing, effect. Note how well Grand Manor works on this steeply pitched roof.

12 courses of Carriage House were incorporated into this Grand Manor roof. The same color (Stonegate Gray) was used for both, with small florette designs created using Carriage House in Georgian Brick and Sherwood Forest.
