## Capture the beauty of painted sawmill cedar.

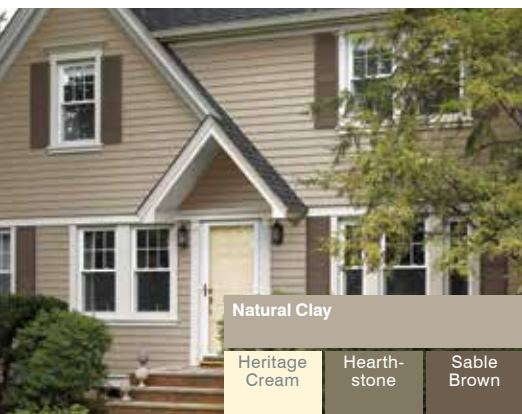

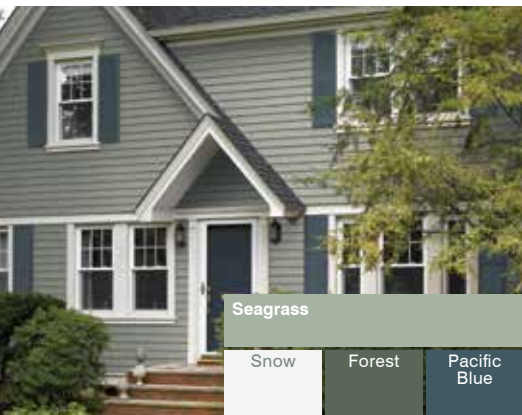

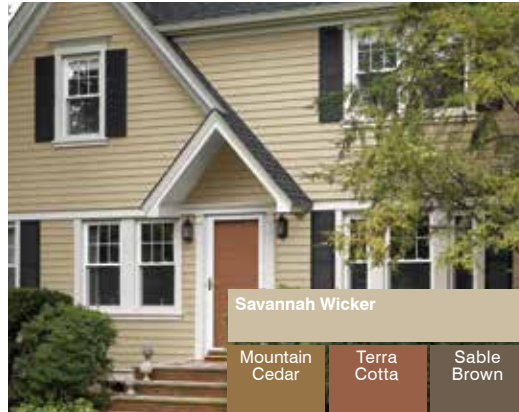

Cedar Impressions Individual 5" Sawmill Shingles are now available in five long-lasting solid colors that have the look of freshly painted cedar. Unlike real cedar, Cedar Impressions shingles will never require painting or maintenance due to chipping paint.

**The industry's first** polymer product manufactured as a single shingle, Cedar Impressions Individual 5" Sawmill Shingles come in 7 widths as well as 16 unique and authentic sawmill textures which are molded from actual cedar shingles. Freedom of design is provided through the ability to create one-of-a-kind designs with random textures and widths.

# Designing with Color

All solid colors coordinate well with CertainTeed's decorative trim colors to create high contrast or subtle trim accents. CertainTeed can help you reach your design goal. Below are a few examples of complementary accent colors.

## 7 Shingle widths

All Cedar Impressions 5" Individual Sawmill Shingles come in seven different widths which allow for random installation and one-of-a-kind designs.

## Trimmable Corner

Cedar Impressions Individual 5" Sawmill trimmable corner pieces help corners blend naturally.

## Color Blends

Cedar Impressions Individual 5" Sawmill Shingles are also available in Ageless Cedar™ Color Blends that honor the natural aging process of cedar by offering four color families – and a progression of shades within each – that replicate the authentic appearance of cedar at different life stages.
